- Place of Birth: Mont-de-Marsan, Landes, France
- Date of Birth: December 28th, 1989

EXPERIENCE

Mayoral Fellow

Office of the Mayor, City of Chicago | June 2018 - August 2018

Worked on a new Crossing Guard Intersections Evaluations program to decide where to locate crossing guards near schools, taking into account age of students, width of street, number of lanes, sight distance, speed of vehicles, control devices, traffic lights, and gaps in traffic.

Transport & Natural Systems Intern

City of Evanston, IL | May 2017 - May 2018

Worked on the design and development of bike infrastructure for the city, as bike lanes, bike parking, Divvy stations, and educational outreach. Also controlled state of CTA and Metra stations, viaducts, and embankments.

Transportation Analyst

City of Buenos Aires, Argentina | January 2016 - July 2016

Assisted with the improvement of pedestrian and bike infrastructure for the city through new complete street guidelines, intersection design, speed control elements, and special transit corridors.

Territorial Coordinator

City of Buenos Aires, Argentina | January 2015 - January 2016

Worked on different projects aiming to improve how people coexist in the public space including traffic educational campaigns, waste separation programs, the use of non-motorized transportation modes, and cultural change initiatives.

EDUCATION

Masters Degree in Urban Planning and Policy

University of Illinois at Chicago | August 2016 - May 2018

Graduate Certificate in Public Transportation Planning and Management

University of Illinois at Chicago | August 2016 - May 2018

Bachelors Degree in Architecture

University of Buenos Aires | March 2008 - July 2014
